*Vancouver, BC – January 22, 2018 – E3 METALS CORP. (TSX-V: ETMC, FSE: OU7A, OTC: EEMMF) (the “Company”, “E3” or “E3 Metals”)* is pleased to announce that, effective December 31, 2017, it closed the non-brokered private placement (the “Offering”) first announced December 29, 2017. The Company raised a total of \$100,500 by issuing 143,572 units (“Units”) of the Company. Each Unit was comprised of one flow through common share (each a “Flow Through Share”) and one-half of one common share purchase warrant (each whole warrant, a “Warrant”). Each whole Warrant entitles the holder to purchase one common share of the Company (each a “Warrant Share”) at a price of \$1.00 per Warrant Share for a period of 18 months from closing (the “Expiry Date”), subject to acceleration.

The gross proceeds received by the Company from sale of the Flow Through Shares will be used to incur Canadian Exploration Expenses that are “flow-through mining expenditures” (as such terms are defined in the Income Tax Act (Canada)) on the Company’s mineral properties in the aggregate amount equal to the total amount of the gross proceeds raised from the issue of Flow Through Shares (the “Commitment Amount”). The Company will renounce these expenses pursuant to subsection 66(12.6) in conjunction with subsection 66(12.66) of the Income Tax Act (Canada) to the subscribers in an amount equal to the Commitment Amount with an effective date no later than December 31, 2017. All securities issued under the Offering are subject to a four-month hold period from the date of issue in accordance with applicable securities laws. In connection with the Offering, the Company has paid finders' fees of \$6,030.02 and issued 8,614 non-transferable finders' warrants having the same terms as the Warrants to certain finders in accordance with applicable securities laws and the policies of the TSX Venture Exchange.

ON BEHALF OF THE BOARD OF DIRECTORS,

Chris Doornbos, President & CEO
